How do I apply?

The IEC application process was completely overhauled in 2016 and no longer works on a first-come first-served basis.

Step 1: Become a Candidate

In order to become a candidate, you should follow the steps outlined here:

<http://www.cic.gc.ca/english/work/iec/submit-profile.asp>

- **Determine you eligibility** by using the online tool provided
- **Submit your online profile.** You will need to create a MyCIC account to do this but it is free of charge
- If you are deemed eligible and create a profile, you will then be entered into a **pool** consisting of other candidates from your country
- **You may only apply for a work permit if you are issued an invitation.** Invitations will be issued regularly in rounds. You can request to be notified by email when rounds of invitations start and end. See <https://moving2canada.com/when-will-iec-2019-open/>
- **You will only stay in a pool for 12 months after you are entered into it.** If you do not receive an invitation during this time, your profile will expire and you will have to submit a new one

If you accept the invitation, you will have **20 days from the day you accept it to apply for a work permit**. If the invitation expires, you will have to start the entire process again
- **In order to accept the invitation**, you should go to the section **‘Continue my profile / application, not yet submitted’** in MyCIC, find the application called **‘Work permit’** and then click **‘Start application’**
- You will then be asked to **complete an online form**
- On completion of this, a **personalised document checklist** will be issued to you and you will need to upload requested documents to support your application
- **Pay your fees**
- **Provide Police Certificate** which needs to be provided no more than 6 months before the date you submit your application
- **Submit completed application**. The system will not allow you to do this until all requested documents have been uploaded
- **If your application is approved**, you will receive a **Port of Entry (POE) letter to your MyCIC account**. This is **not** your work permit. **You must keep this letter and present it to a Canadian Border Service Officer on your arrival** in Canada in order to receive your work permit
- You will need to complete a **Biometrics test** which involves the collection of electronic fingerprints, a digital photograph, and personal details of applicants.

You will find more details on this process at the following link:

www.cic.gc.ca/english/work/iec/apply.asp

What do I need to know about employment?

Bring **evidence of your qualifications** and **check that they are recognised** in Canada before you go. You can do this through the website of the Canadian Information Centre for International Credentials at: www.cicic.ca

Try to **budget for periods of unemployment** by having access to enough money to support yourself financially as you may not find a job straightaway

Check the **exchange rate** of the Euro to the Canadian dollar before you go. Try <http://www.xe.com/>.

What do I need to know about accommodation?

Try to **arrange temporary accommodation** before departing for Canada as it may take up to several weeks for you to find somewhere suitable to rent

Accommodation **can be expensive** especially in bigger cities like Toronto and Vancouver. You will commonly be asked for up to **one month's rent in advance** as well as **one month's rent as deposit**.

Accommodation is **often unfurnished** so be aware that this can be an additional expense. The websites craigslist and kijiji can be useful for finding furniture

A lease usually begins at the start of each month and is legally binding. Do not sign a lease for longer than you intend to live in the property. A **guide to renting in Canada for newcomers** is available from: <http://www.cmhc.ca/newcomers/en/renting.html>

Can I go to Canada again on the IEC?

From 2013, if you were **previously in Canada for up to 12 months on a Working Holiday** you **can** apply to **participate in the IEC again** in a **category of your choice**

You **can** also participate in the **Young Professionals** or **Working Holiday** category if you have been to Canada previously for up to 12 months on the **International Co-op (Internship)** category

You **cannot** participate in either the **Young Professionals** and/or the **Working Holiday** categories if you have **previously been to Canada for over 12 to 24 months through either of these** categories

However if you have an employer willing to sponsor you, you could **apply instead for a work permit**. For more information see the official immigration website of the Canadian Government at: www.cic.gc.ca

Useful tips

- **Do your research before you go**
- **Be prepared** – have all your documents ready (including a Canadian style résumé) for when the application process opens
- **Organise temporary accommodation** – it can take time to find rented accommodation so try to arrange somewhere temporary to stay on arrival e.g. [Airbnb](https://www.airbnb.com/) or hostel accommodation
- **Do bring more than the minimum amount of savings** – the initial costs of setting yourself up in Canada can be expensive
- **Look for work as soon as you arrive if you are on the Working Holiday** – securing a ‘survival’ job on arrival will give you time to look for a job you really want
- **Take a look at www.mindhowyougo.ie** which contains practical advice from recent Irish emigrants about coping with emigration
